EDUCATION

High School at Instituto Tecnológico y de Estudios Superiores de Monterrey (ITESM)
Ciudad Juárez, Chihuahua | Aug. 2015 - May. 2018

With a Honorable Mention of Excellence and final average of 98.9/100

Bachelors Degree in Computer Science at Instituto Tecnológico y de Estudios Superiores de Monterrey (ITESM)
Monterrey, Nuevo León | Aug. 2019 - Present

Expected graduation in June 2023. Cumulative average of 96.77/100

EXTRA-CURRICULAR ACTIVITIES & PROJECTS

CCNAv7 Phase 1
Ciudad Juárez, Chihuahua| March. 2022 - May. 2022

I finished and passed with merit the first phase of the CCNA certification with the help of the AI Center in Cd Juárez. I am currently studding for the phase 2.

Backend with Django in a web app
Monterrey, Nuevo León| Feb. 2022 - June. 2022

I worked with a web app development in a school project with the partnership of Ternium. My contribution was everything related to the backend (Mongo DB Database and Rest API with Django).

Backend with Express.js in a mobile app
Monterrey, Nuevo León| Sep. 2021 - Dec. 2021

In a school project with the partnership of Caritas MTY, I worked in everything related to the backend (SQL Databases and Express.js API). We also competed within our class with Caritas MTY as jury and won.

Backend in an online video game and web page
Monterrey, Nuevo León| Feb. 2021 - May. 2021

In a school project with the partnership of Ternium, I worked in everything related to the backend, from the design and implementation of the database on Azure Services to the creation of the WebAPI that connected the different parts of the project. Additionally I also worked in the conexion of the API from the videogame in Unity.

Coach at RoboRAVE
Ciudad Juárez, Chihuahua | Jan. 2019 - May. 2019

I mentored a group of children from "Secundaria Tec de Monterrey". They competed at the 2019 RoboRAVE in Juárez, Chihuahua and Albuquerque, New Mexico (in which they reach the 4th place of their classification).
